**Accessibility Information:**
This brochure is your guide to the accessibility levels of Ingham County Parks facilities. Work is ongoing to improve accessibility levels at more facilities throughout the Park System. This Information is intended to guide visitors to those park facilities that will best meet their individual needs. All park visitors are encouraged to take personal limitations into consideration when utilizing an Ingham County Park facility. If you have specific questions about any County Park, park staff is available to answer your questions and provide any details you may require. We welcome the opportunity to assist you in finding the park facility that will make your visit to an Ingham County Park the most enjoyable experience it can be.

**Parking:**
All County Parks have designated parking spaces marked with the International Symbol for Accessibility (ISA). Vehicles using these spaces must display the ISA symbol and/or have license plates with the ISA symbol.

**Service Animals:**
Animals trained and certified to serve as aids for people with physical and mental impairments are allowed throughout areas of the park otherwise closed to domestic pets. These areas include hiking trails, buildings, and picnic areas. Please let us know if you need assistance. Any waste left by the animal must be disposed of in proper receptacles.

**Wheelchairs:**
Wheelchairs are available for public use at the four major park facilities within our system, Hawk Island Park, Lake Lansing Parks and Burchfield Park. It is our hope that the availability of wheelchairs will allow persons with limited mobility the opportunity to better navigate through our Parks, creating a more desirable experience.
